Oracle Forms Modernization Assessment

Modernizing Oracle Forms with Oracle APEX? Success lies in understanding, not just migrating. **TransForm** offers a detailed assessment, ensuring your transition is strategic, cost-effective, and tailored to your unique application landscape. Don't just migrate; transform with insight.

Why TransForm

A successful modernisation isn't simply a transition of old systems into a new environment. It's about understanding the intricate mesh of current needs, existing complexities, system architectures, security requisites, required integrations, and future aspirations. Insum's TransForm service paves the way for a seamless, risk-mitigated migration to APEX.

- **Transparent Estimates:** No ballpark figures; our comprehensive assessment means transparent cost estimates for your migration to APEX.
- **Personalized Strategy:** From uncovering existing complexities to projecting future needs, an approach tailored to your organization.
- **Vendor-Agnostic:** Our assessment results empower you, irrespective of your chosen migration partner.

The TransForm Approach

Deep Dive Analysis: From application complexity, security requirements to new business needs, we understand it all before suggesting a way forward.

Infrastructure Assessment: Our evaluation looks at security, vulnerabilities, licensing and more.

Deliverables: We'll present and deliver an executive summary, a detailed technical roadmap, and a proof of concept APEX application.

TransForm Benefits

- **Accurate Cost Estimation:** Bypass guesswork with precise, data-driven project cost projections.
- **Risk Mitigation:** Identify and address potential challenges upfront, ensuring a smoother migration process.
- **Future-Proofing & Scalability:** Build with the future in mind, ensuring your system is equipped to adapt and grow with evolving business needs.
- **Streamlined Development Process:** Reduce development time and errors with a clear, well-defined roadmap.
- **Improved Decision Making:** Arm yourself with comprehensive knowledge, ensuring every decision made is informed and strategic.
