Catch the best of Kscope23

When asked how he felt about clinching the title of [best presenter in the Oracle APEX track at the KScope23 conference](#), our very own Rich Soule responded in his signature style: "Perpetually Fantastic". And while that's his answer to just about everything, I can't help but think it's particularly fitting this time.

Sad to have missed it? We asked Rich if he'd be willing to do a live replay and his answer was a resounding "Absolutely".

-  Webinar: "APEX & ORDS for DBAs and System Admins"

Oracle ACEs - Our Shining Stars : ♠

[The Oracle ACE program's](#) 2023 certificates are out, and I'm thrilled to share that 10 of these were awarded to members of the Insum family. Among them is Canada's only ACE Director, Adrian Png, whose dedication and expertise continue to set benchmarks in the industry.

Business Innovation Series: AP Automation with APEX and OCI

The most recent session of the Business Innovations Series featured our client, Giovanni Cani of Trailcon Leasing. If you missed it, you may want to [catch the replay](#) to learn how Trailcon is leveraging Oracle APEX to truly transform the way they do business. From AP Automation leveraging Oracle APEX and OCI's Document Understanding, to IoT, telemetry, geolocation and

more, Trailcon is truly an amazing example of Oracle APEX's value proposition. And we're grateful to be a part of this success story!

APEX Meetup at CloudWorld!

Las Vegas is about to get cloudier, but in the best possible way. Oracle CloudWorld returns from September 18–21, 2023. Tailored for every Oracle enthusiast, from partners to patrons, CloudWorld offers a golden opportunity to deep-dive into Oracle's solutions—encompassing everything from cutting-edge infrastructure to transformative databases and apps. And we'll be there too.

Not only are we attending, but Adrian and Monty will also stepping up to the podium as speakers, ready to share their seasoned perspectives. Eager to link up with us? [Find out our exact whereabouts here](#) and get the inside scoop on our traditional APEX Meetup. See you in Vegas!

Lotus Notes to Oracle APEX Success Story

Our latest success story showcases the transformation of one of North America's largest cemeteries. Moving from an outdated Lotus Notes system to a modern digital platform (that runs on APEX, of course) has streamlined operations and improved customer interactions. Through this transition, the cemetery has achieved more efficient data management, better staff coordination, and a notable increase in customer satisfaction.
